October - December 2023

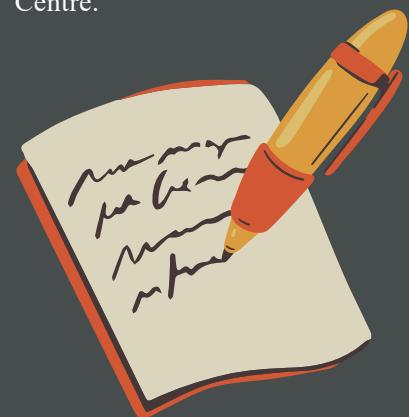

FROM THE HOC'S DESK

It gives me immense pleasure to share the recent achievements and activities of the CIL Innovation & Incubation Centre.

Our incubatee, M/s Joymettec Pvt. Ltd., brought pride to the Centre by being selected to showcase their innovative product at the Bihar Innovation Challenge 2023 held at Gyan Bhawan, Patna.

Additionally, a Seminar on SolidWorks was successfully conducted on 10th November 2023, with 42 enthusiastic students participating. The session provided valuable exposure to advanced design and modeling tools, enhancing technical competence and practical understanding among participants.

As we continue to strengthen our ecosystem of innovation, I extend my heartfelt appreciation to all participants, mentors, and team members for their dedicated efforts. Together, we remain committed to driving forward the spirit of innovation and entrepreneurship that defines the CIL Innovation & Incubation Centre.

Inside this Issue

- Incubatee Pvt. Ltd. Showcases at Bihar Challenge 2023

- Seminar on SolidWorks Held at CIL Innovation & Incubation Centre

BIHAR INNOVATION CHALLENGE

M/s Joymettec Pvt Ltd, an incubatee of the CIL Innovation and Incubation centre, participated in the Bihar Innovation Challenge and was selected to showcase their product in the Bihar Innovation Challenge, which took place at Gyan Bhawan, Patna. The event took place on the 4th and 5th of October 2023

M/s Joymettec Pvt. Ltd., an incubatee of the CIL Innovation & Incubation Centre, achieved a commendable milestone by being selected to showcase their innovative product at the Bihar Innovation Challenge 2023. The prestigious event was held on the 4th and 5th of October 2023 at Gyan Bhawan, Patna. The participation provided Joymettec Pvt. Ltd. with an excellent platform to present their technological innovation, engage with industry leaders, and explore potential collaborations. This recognition highlights the continued success of the CIL Innovation & Incubation Centre in nurturing promising startups and fostering an ecosystem of innovation and entrepreneurship.

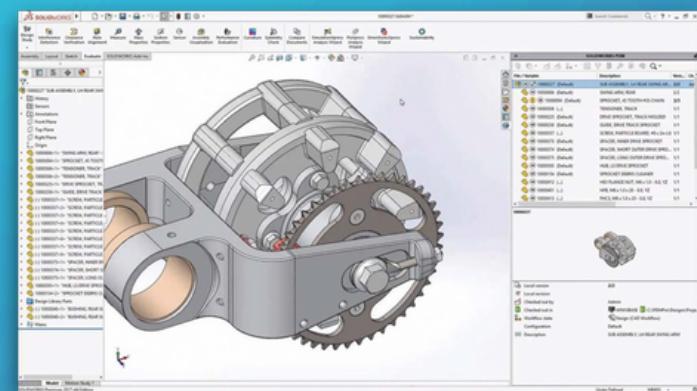

SEMINAR

Seminar on SolidWorks at CIL Innovation and Incubation Centre on 10/11/2023. A total of 42 students have registered for this event

The CIL Innovation & Incubation Centre organized a Seminar on SolidWorks on 10th November 2023, attracting enthusiastic participation from students eager to enhance their design and engineering skills. A total of 42 students registered for the event, which focused on introducing the key features and applications of SolidWorks in product design, modeling, and simulation. The session provided valuable insights into real-world engineering practices, enabling participants to strengthen their technical proficiency. The initiative reflects the Centre's ongoing commitment to fostering practical learning and skill development among aspiring innovators and engineers.
